VycePay

Field Agent Guide — Index & Standards

Field Agent Standard Operating Procedure

Document ID: VP-AGENT-00 | Version 1.0

Field	Value
Audience	Market / Field Agents helping customers use VycePay
Purpose	Overview of all agent SOPs and the rules every agent must follow.
When to use	Read this first before using any other guide. Re-read weekly.
Estimated time	10 minutes (read)
Language	English (show customer the app screens)

1. What is VycePay?

VycePay is a digital wallet app. Customers register with their mobile number, complete KYC (identity check), open a wallet, add money via M-PESA, and send payments (M-PESA mobile, Paybill, Till, or other banks).

2. Your role as a Field Agent

You help customers in the market: install the app, register, complete KYC, fund the wallet, and complete their first successful transaction. You do **not** take customer PINs, OTPs, or ID photos home. You guide; the customer taps.

3. Guide pack (one PDF per flow)

Doc ID	Use case / flow
VP-AGENT-01	App install & account registration (mobile OTP)
VP-AGENT-02	KYC & wallet opening
VP-AGENT-03	Login (username / mobile + PIN)
VP-AGENT-04	Deposit money (M-PESA STK Push)
VP-AGENT-05	Send money to M-PESA mobile number
VP-AGENT-06	Pay M-PESA Paybill
VP-AGENT-07	Buy Goods (M-PESA Till)
VP-AGENT-08	Send to other bank (PesaLink)
VP-AGENT-09	Check balance & transaction history
VP-AGENT-10	Forgot / reset PIN
VP-AGENT-11	Agent dos & don'ts + escalation

4. Golden standards (always)

Step 1. Customer holds their own phone. Agent only guides.

Step 2. Never ask for or type the customer's 4-digit PIN or SMS OTP.

Step 3. Never take photos of national ID / passport for yourself; only help them capture inside the app.

Step 4. Confirm the name shown after account validation before any send.

Step 5. Wait for success confirmation on screen before leaving the customer.

Step 6. If something fails, note the on-screen message and escalate (see Guide 11).

Compliance reminder

VycePay does not hold cash for the customer. Money moves through Choice Bank / M-PESA. Do not collect cash as “agent float” unless your company has a separate, written cash policy.

5. Recommended visit order (new customer)

Step 1. Guide 01 — Install & register

Step 2. Guide 02 — KYC & wait for wallet

Step 3. Guide 03 — Confirm login works

Step 4. Guide 04 — Small M-PESA deposit (test amount)

Step 5. Guide 05 or 06 — One small send / Paybill (demo success)

Step 6. Guide 09 — Show balance & history

Step 7. Leave Guide 10 / 11 contacts with the customer
